

Tarboro Family Dentistry Notifies Patients of Data Security Incident

Tarboro, NC – September 29, 2026 – Gray Bailey, DMD, PA dba Tarboro Family Dentistry (TFD) is notifying individuals whose information was involved in a cybersecurity incident.

On or around June 1, 2026, TFD experienced unauthorized activity on certain of its internal IT systems. Based on a subsequent investigation, TFD determined that an unauthorized party accessed its systems and may have acquired certain records from its systems.

TFD took prompt action and quickly engaged third-party specialists to assist in securing the systems and investigating the incident. Through a thorough investigation and extensive review of the impacted data, which concluded on July 31, 2026, TFD determined that some personal information was contained in the affected systems, including name, address, health insurance information, social security numbers, and health treatment information. TFD is notifying patients whose information was affected and providing access to free credit monitoring and identity restoration services for those individuals.

While the investigation has not identified any instances of fraud or identity theft that have occurred as a result of this incident, TFD recommends that individuals review any statements they receive from their health care providers or health insurers to ensure their accuracy.

TFD takes its responsibility to safeguard personal information seriously and regrets any concern this incident may have caused. As part of TFD's ongoing commitment to the security of information, the organization has reviewed and enhanced its data security practices in order to help reduce the likelihood of a similar event in the future.

Individuals with questions may call 1-877-344-1485, Monday through Friday from 8:00 am to 8:00 pm Eastern time, excluding holidays.

TFD sincerely regrets any inconvenience or concern that this matter may cause and remains dedicated to ensuring the privacy and security of all information in its control.
